III. Therigy summary note template for refill and clinical calls (highlight differences b/t Austin and MI's queue)

Welcome Packet Information for Michigan:

MI Specialty Pharmacy is currently pursuing ACHC accreditation. To be able to meet one of the various components of the accreditation process, we are asking that all embedded team members reserve the PCC/medication delivery calls for the MI and Austin centralized clinical teams. ACHC is very specific about the notation/documentation of the **Welcome Packet**, the NOPP, and about obtaining patients' emergency contact **information**. Our centralized pharmacists will be ensuring that we are achieving these objectives while making appropriate documentation within Therigy.

To help with the above, we will need our clinical pharmacists to follow the process below if the medication delivery is coming out of MI Specialty.

Upon onboarding a new patient:

- Inform the patient/caregiver that the patient will receive:
 - The **Welcome Packet** (a small booklet, the booklet also contains the NOPP)
 - The Patient Demographic Form
 - Release of **Information** Form
 - Consent to Receive Electronic Communications Form
- Ask the patient/caregiver to complete and return the above three forms to MI in the provided prepaid envelope
- Ask the patient/caregiver who they would like to list as an emergency contact
 - If the patient refuses, please state in the PCC summary note.

The above items should then be recorded in the patient's Therigy profile. For the **Welcome Packet**, please check the box and enter in the date the patient will receive the **packet** from the pharmacy.

Upon receipt of the completed forms, MI will be uploading these into the patient's Therigy profile as an attachment.

XII. Benefits Elevation Process

A benefits elevation is essentially a pharmacy benefits override from Cigna Smarthealth for the patient to fill their specialty medication at a non-Ascension specialty pharmacy.

Possible scenarios that require a benefits elevation:

- Neither Michigan or Texas have access to the medication
- Patient requires a secondary insurance that neither Michigan or Texas can process

How to create request:

1. Compose a new email addressed to Amy Torres (amy.torres@cigna.com) and Dan Elliott (daniel.elliott@ascension.org)
 - a. If a technician asked you to create the request, then you can BCC that technician on the email
2. Add "-PHI- Override Request" to the title line
3. Provide the following information in the body of the email
 - a. Patient name
 - b. Patient DOB

- c. Patient Cigna ID
 - d. Medication name (needs to have failed claim on file in Enterprise)
 - e. Reason for override
 - i. Also include name, address, and phone number of pharmacy that will be filling it if possible
4. Be sure to document in Therigy that the override request was sent (Patient summary and/or activity status)

XIII. Infusions

- Entyvio - this is via infusion or home infusion center:
 - Profile Med in Enterprise Rx
 - Enter in Therigy for MI to take on - Do not add austin central label
- Actemra
 - Austin is unable to obtain a stable supply
 - Profile in enterprise Rx
 - Enter in Therigy for MI to take on - Do not add austin central label
- Remicade/Inflectra - this is via infusion or home infusion center:
 - Profile in enterprise Rx
 - Enter in Therigy for MI to take on - Do not add austin central label

Specialty Rx

Purpose: This document is to give an outline on how to complete a Therigy call for Ascension Specialty Rx prescriptions.

Searching for Patient in Therigy

First, we must find the patient through the search bar at the top of the Therigy page. Last name first and the first few letters of first name.

This is what a patient's profile will look like.

cps-ERX-SJPP01-ERX-PAT-8152217

Patient Status: **Active**

Austin Central

[Edit](#) | [View Patient Summary](#) | [View Attachments \(0\)](#) | [Referral Manager](#)

Patient Engagement

[Enroll Patient](#)

Onboarding a New Patient

Before we get started with the call these are some questions to consider while you talk with a patient.

Name of medication?	
What are you treating?	
How is it administered? (self, infused, @MDO)	
Confirm mailing address	
Signature/No signature at delivery?	
When are you due for your next refill/dose?	
Do you have copay assistance? What is the typical amount?	
What is a preferred time to call to go over the medication?	

This is just an example of how a note may look like that should be added to Enterprise.

Add Note

×

PT CALLED FOR HER STATUS ON NEW RX OF DUPIXENT. THEY ARE TREATING PSORIASIS VULGARIS AND THIS IS HER FIRST TIME ON THIS MEDICATION. SHE WILL BE ADMINISTERING THIS HERSELF. ALSO CONFIRMED HER ADDRESS AND PHONE NUMBER WITH A CALL BACK TIME OF ANYTIME. DOES NOT HAVE A COUPON SO WILL NEED PATIENT ASSISTANCE WITH \$1000 COPAY. SHE ALSO STATED THAT SHE WOULD LIKE AS SOON AS POSSIBLE.

Completing a refill call

Patient Activities

Once you are in the patient's profile scroll down to find Pending Activities. Look for an activity Patient Care refill which you will need to complete the call.

▼ Pending Activities

+ Add Activity

Activity Name	Type	Status	Due Date	Notes Status
Filter by name	Filter by type	Filter by status		
Psoriasis Follow Up Care Plan	Clinical	Pending	2022/07/25	Pending
Patient Care Refill	PCC	Pending	2022/08/03	Pending
Prior Authorization	Referral	Pending	2022/11/22	Pending
Financial Assistance	Referral	Pending	2022/12/17	Flex CC Re-enrollment

It is important to remember if clinical and refill have the same date Rph must talk with the patient.

The next step is to refill the script when the delivery option pops up. Make sure delivery is changed to Specialty mail order to be filled at 1001.

Delivery Options for Current Order

Select a delivery option for the current order.

Delivery:

Promise Time: at PM

Delivery Date:

Fill Store:

☐ High Priority

It is also important to verify under Shipping options that the courier is FedEx.

Shipping Options

Shipping Address: Select Address

Courier: FDX

Shipping Method: PRT

☐ Signature required

Shipping Charge: \$0.00

Packing Instructions:

OK Cancel

Another important thing to verify is the Shipping Address because some patients may have alternative addresses to send medication. Under Shipping Address click on Select Address and you will find if the patient has another address. Remember if shipping to somewhere other than Home 1 please add note in Overnight list to alert pharmacist/flex tech to ensure correct address is on order. Be sure to complete this process via F2 because alternate address may not work if changed later.

Select Address

Therigy Questions

Going back to Therigy the following questions have to be answered in order to complete the refill.

HIPAA verified with

(confirmation of three separate identifiers such as name, date of birth, address)

- ☒ Patient
- ☐ Caregiver
- ☐ Unable to verify HIPAA

Has the patient had any insurance changes?

- ☐ Yes
 - ☒ No
 - ☐ N/A
-
-

Has the patient had any changes to medication, dose, or instructions?

- ☐ Yes
☒ No

Has the patient started taking any new medications, herbals, or supplements?

- ☐ Yes
☒ No

Has the patient been diagnosed with any new medical conditions?

- ☐ Yes
☒ No

Does the patient have any new allergies to medications or foods?

- ☐ Yes
☒ No

Does the patient have any concerns about side effects?

- ☐ Yes
☒ No

Review adherence with the patient

- ☒ Yes
☐ No
☐ Patient declined
☐ Deferred

Did the patient miss any doses in the past 4 weeks or since the last fill?

- ☐ Yes
☒ No

How many doses does the patient have on hand?

5

At the end of the questions, you must add a summary note which will confirm the patient understands what medication they are get also if patient wants to add anything else please include it in the notes. Since medication is coming from Texas, we really don't have the option for signature required but if a patient wishes to do so then it must come from Michigan. Also, we must get an exact day for delivery but a date range is best because there could be delays where the med may not arrive on time. Lastly, reconfirm the address because patient may have alternative place where medication may be delivered like the doctor's office.

*** Due date for next Patient Care Refill activity**

☐ None

☐ 2 weeks (14 days)

☐ 3 weeks (21 days)

☒ 1 month (28 days)

☐ 2 months (56 days)

☐ 3 months (84 days)

☐ Specific date

Summary Note:

"Spoke with patient via telephone or mobile answers complete. Patient authorized us to fill XXX. Signature is not required. Date of delivery: XXX also confirmed shipping address in Therigy/EnterpriseRx (ADDRESS). Copay amount: X with ins and cob. Payment method received/confirmed"

Pend

Complete

281/2500

Delete

Information needed for Summary note:
(remember to ask if signature required or not, most patients say no)

Austin: "Spoke with patient via telephone or mobile answers complete. Patient authorized us to fill XXX. Signature is not required. Date of delivery: XXX also confirmed shipping address in Therigy/EnterpriseRx (ADDRESS). Copay amount: X with ins and cob. Payment method received/confirmed"

Spoke with patient via telephone. Patient authorized us to fill *. Date of delivery: ***, confirmed shipping address in Therigy/EnterpriseRx (insert street address here). Copay amount: ***. Payment method received. Signature *is or is not* required.**

Completing Michigan Therigy calls

Alternative option for completing Summary notes in Therigy. If a patient calls and they usually get their medication from 1303 then add this note and fill it out.

Delivery documentation in Therigy (after patient refill call): Set up the delivery date

MI:
Pt Name:
Rx number/drug/qty:
Fill date:
Delivery Date:
Delivery type: PRO
Sig required?: N
Ship Address: *Insert street name*
Copay: \$

Take the above filled out information and add it as a Task under the Austin/Mi Specialty chat with current assigned Rph.

←

Tasks

Title	Date	Assignee
+ Add space task		
Therigy call complete - 08/30 delivery Pt Name: Rx number/drug/qty: Fill date: 08/29 (Mon) Delivery Date: 08/30 (tues) Delivery type: PRO Sig required?: Yes Ship Address: * Copay: \$0 with ins ^ Collapse		

Overnight spreadsheet

Information you will need before adding to the Overnight Spreadsheet.

Add to the overnight spreadsheet

Ensure the medication can be filled from Austin
 Ensure the Rx number will not expire at the time of fill
 Ensure the Rx number on the overnight spreadsheet matches that of the test claim in Erx
 Ensure copay is accurate prior to adding to the spreadsheet
 Ensure that the credit card on file has been used in TX before

What must be filled out on Overnight Spreadsheet.

A	B	C	D	E	F	G	H	I	J	K	L	M
Fill Date	Delivery Date	Pt name	DOB	Medications	Copay	Profiled or Verified by:	Overnight Tech	Sent to central fill by	Cold Chain? Y/N	FDX PRT? -	Status update	Notes
Please make sure all Overnight orders are marked as FDX PRT. Please don't change status to "Meds Shipped" until ALL of the pt's meds are "Sold" in E												
KEY: Dark Green = Completed orders; Yellow = Needs to go out TODAY; Red = Payment exceptions/adjudication/need to be addressed; Green/Orange = Other note												

After adding a patient to the Overnight list, leave in pre-verification 1 status. This allows for the person working Overnight spreadsheet to quickly process scripts to be shipped for that day.

Pending Activities you may encounter

In this activity we can see that Prior auth will be due soon. Make sure when setting up delivery that it is before prior auth expires. When submitted a test claim this information can be found under claim information.

▼ Pending Activities

[+ Add Activity](#)

Activity Name	Type	Status	Due Date	Notes Status
Filter by name	Filter by type	Filter by status		
Patient Care Refill	PCC	Pending	2022/07/25	Call Attempt 1
Prior Authorization	Referral	Pending	2022/08/09	Pending
Multiple Sclerosis Follow Up Care Plan	Clinical	Pending	2022/08/11	Pending

Here we have Mdo Outreach which usually means we are reaching out to MDO for a new script.

▼ Pending Activities

[+ Add Activity](#)

Activity Name	Type	Status	Due Date	Notes Status
Filter by name	Filter by type	Filter by status		
Patient Care Refill	PCC	Pending	2022/07/25	MDO Outreach
Prior Authorization	Referral	Pending	2022/11/05	Pending

As you can see there are two Patient care refills which may indicate that there are 2 different scripts that we dispense for this patient. Make sure you are choosing the right one to complete to avoid any confusion when the other medication is filled later.

▼ Pending Activities

[+ Add Activity](#)

Activity Name	Type	Status	Due Date	Notes Status
Filter by name	Filter by type	Filter by status		
Patient Care Refill	PCC	Pending	2022/07/25	Patient to Contact Provider
Patient Care Refill	PCC	Pending	2022/08/09	Other - Please Add Note
Transplant Follow Up Care Plan	Clinical	Pending	2022/08/15	Pending
Hematologic Disorders Follow Up Care Plan	Clinical	Pending	2022/09/02	Pending
Prior Authorization	Referral	Pending	2023/05/04	Pending

Prior authorization is usually worked on by one or two designated individuals. During this process they will contact the Mdo through Cover my meds website by

sending a fax. If no response within a few days then they will call Mdo to request status of prior auth. These individuals will work to make sure the process is completed. They will also request an Appeal if necessary.

Financial Assistance has a team dedicated to finding help for patients. What the team will do is look for grants, patient assistance programs and coupons to help lower patient copay.

Another thing to note is Delay with permission which means we have talked with the patient they would like for us to call them at a later day then what we have scheduled.
